

Thank you for considering Pine Hill as the final resting place for your pet. As pet owners ourselves, we understand how much your pet means to you and we will do our very best to help ease you through this very difficult time. We provide services to cater to all needs. We compassionately care for animals, pets and four-legged "Members of the Family."

Quiet and Peaceful

In our vast pet park setting, we have hundreds of trees including Pine, Oak, Cedar and Apple, just to name a few, and nestling among these trees you will find thousands of markers identifying beloved pets, horses, and other special friends.

Our purpose is to provide a special resting place that will show your pets the respect they so richly deserve after they have enriched your lives through love, companionship, loyalty and recreation.

Planting trees every year helps the environment by providing a home for other living things and eventually becoming a living memorial for your pets, horses and other beloved companions.

Our Prayer of Commitment

O Lord, Give us the strength to care for all these beloved pets. Help us to understand, comfort and offer the right words to the families we meet during their time of need. Make us realize how important these pets were in someone's life. Help us to remember that we are all caretakers (for You), for a short time. Bless our efforts to give nature back one of her own.
